A Message to Our Patrons—

This catalog comes to you this season with the hope that we can be of still greater service in helping you to plan your garden, your orchard, or the foundation planting for your home.

We are confronted with many obstacles, such as shortage of materials, labor, transportation facilities, etc., but we have unquestioned faith that the forces of freedom will prevail and we can go on planning for the future.

Do not overlook the demand that will arise in the next few months and for several years to come, for fruit of all kinds. Apples, Peaches, Pears, Raspberries, and Strawberries are the favorites and those of us who vision ahead will be amply rewarded for our foresight.

INFORMATION

To order from the catalog, simply make your selection, write it on the order blank enclosed, with the proper prices as listed in the catalog and mail to us in the self-addressed envelope attached.

SPECIAL NOTICE

Due to the extremely high cost of materials such as burlap, twine, packing, etc., we are compelled to **make a charge of 35c for handling** if your order amounts to less than \$3.00. It costs practically as much to pack a small order as it does a large one and such a charge is necessary if we are to maintain our customary low prices. Your co-operation will be appreciated.

GUARANTEE

We guarantee stock to be first class in every way and up to size and quality as advertised. If you are not pleased upon receipt of stock, please advise us immediately and we will gladly replace the items or refund your money.

If any trees should prove untrue to name, we will replace, upon proper proof, or refund purchase price. We cannot assume greater responsibility.

TRANSPORTATION

All our stock is shipped F.O.B. our nursery with the exception of such items as are marked postpaid. Due to existing emergencies, we deem it advisable to ship regular order express as freight shipments are quite likely to be delayed.

SPECIAL OFFER FOR EARLY ORDERS

Due to the fact that our business is crowded into a comparatively short period during the spring season and due to the extreme labor shortage, we will be taxed to the utmost.

To those who send us their orders early, we offer the following **PREMIUMS**:

Orders amounting to \$5.00 or more received before March 1st, accompanied by cash in full, will have a choice of the following stock, **FREE OF CHARGE**: 1 Flowering Shrub (Our Choice), **or** 10 Red Raspberry Plants (Our Choice), **or** 2 Perennials (Our Choice), **or** 1 Climbing American Beauty Rose.

Orders amounting to \$10.00 or more received before March 1st, accompanied by cash in full, will have a choice of the following stock, **FREE OF CHARGE**: 1 Climbing American Beauty Rose and 1 Hybrid Tea Rose (Our Choice), **or** 3 Flowering Shrubs (Our Choice), **or** 25 Red Raspberry Plants (Our Choice), **or** 4 Perennials (Our Choice).

Please do not ask us to send special varieties in our premium offer, as we must send the varieties of which we have the greatest surplus at the time of shipment. You can be sure they will be pleasing.

Check over the catalog carefully and do not overlook the items that can be shipped postpaid. They are carefully priced and listed accordingly.

TERMS

Payment should accompany order. This saves expense of bookkeeping records and enables us to sell high-grade trees and plants at lower prices. To new customers, we extend the privilege of C.O.D. shipments—Provided one-fourth cash is sent with order.

All shipments (with the exception of stock marked Postpaid) are F.O.B. our nursery.

HOW TO PLANT

A special "How to Plant" Booklet will be sent with each order to help you get the best results.

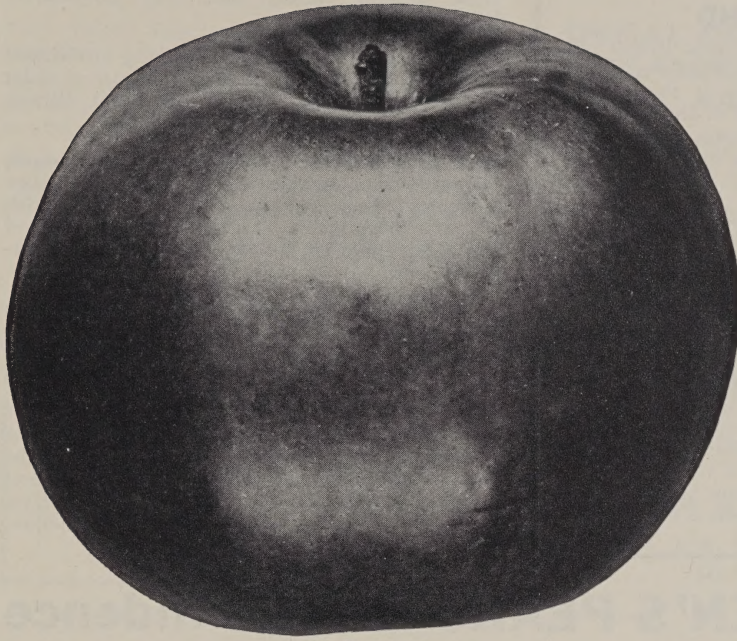

WHEN TO ORDER

By all means, order early so we can reserve the varieties you wish and avoid disappointment when stock runs short. Traffic will be congested so plan your order ahead and mail it early.

WHEN TO PLANT

Planting can be done any time after the frost is gone and the plants are still dormant. In most states, the spring planting season extends from March 1st to June 1st, and the fall season from Oct. 15th to Dec. 1st.

APPLES

McINTOSH

**Green's
Selection
of the
Choicest and
Most
Profitable
Varieties**

WINTER VARIETIES

BALDWIN. One of the leading commercial varieties for Northern States. Large bright red with crisp tender flesh. Good quality and fine keeper. Ripens in November.

PRICES OF GREEN'S STANDARD APPLES

**Large Size, 5-6 ft., 2 yr., 85c each,
10 for \$7.50, 50-100 @ \$50.00 per C**

SUMMER VARIETIES

RED ASTRACHAN. Best mid-summer cooking and eating apple. Yellow, splashed with deep crimson. Brisk sub-acid flavor and good quality. Very hardy. Ripens in July.

SWEET BOUGH. Large pale greenish-yellow sweet apple of excellent quality. One of the best early sweets. Ripens in August.

LODI. A new apple resembling its parent, Yellow Transparent, but larger and ripens a little earlier. Is fast becoming a commercial variety.

YELLOW TRANSPARENT. One of the best extra early yellow apples. Mild, acid, juicy and tasty. Hardy and a good filler between vigorous and stronger growing varieties. Ripens late July.

AUTUMN VARIETIES

GRAVENSTEIN. Unexcelled for pies and sauce. Orange-yellow color, overlaid with stripes of light and dark red. Sprightly sub-acid in flavor. Quite hardy. Ripens in mid-September.

WEALTHY. Extremely hardy. Red and yellow color. Good quality. Planted freely as a filler tree in commercial orchards, between rows of stronger growing varieties. Ripens about Sept. 15th.

McINTOSH

Without doubt the leading commercial variety of New York and New England States. An attractive red apple of highest quality unequalled by any other variety except Cortland. Flesh is tender, crisp, and juicy with a wonderful flavor. Ripens in October.

BALDWIN

APPLES (Continued)

CORTLAND

On the order of the McIntosh. Bright red color but somewhat larger and overlaid with purplish bloom. About two weeks later than McIntosh. One of the best eating on account of the crisp, juicy tang. Plant with McIntosh to cross-pollinate. Ripens in early October.

DELICIOUS. Crimson color, conical in shape with tapering base and crisp, juicy flesh. Has a distinct flavor all its own and is a good shipper. Ideal for fancy retail trade. Ripens in November.

NORTHERN SPY

Old time favorite with a brisk spicy flavor. Good keeper and commercial variety. Comes into bearing in 6-8 years. Color is bright red with a delicious bloom. Ideal for culinary purposes. Ripens in November.

R. I. GREENING. Unsurpassed for cooking and dessert. Large fruit of yellowish green color. Good market variety and very productive. Ripens in November.

KENDALL. New McIntosh seedling introduced by New York State Experimental Station. Solid dark red of excellent quality and flavor. Ripens along with McIntosh but keeps longer.

ROME BEAUTY. A medium to large apple, yellowish color, mottled red. Flesh is firm, crisp, and juicy. Comes into bearing earlier than Baldwin and more nearly annual. Not quite as good quality as Baldwin for dessert or culinary purposes. Ripens in November.

STAYMAN'S WINESAP. Fruit medium to large. Yellowish color splashed a dull red, with a firm, crisp, yellow flesh, mildly sub-acid in flavor. Comes into bearing about the fourth year. Good quality and annual cropper. Ripens in November.

TRANSCENDANT CRAB. One of the most popular crab apples. Fruit is fairly large, bright yellow skin with red cheek and of excellent quality. Hardy growth and very productive. Good market variety and unsurpassed for jellies. Ripens in late August.

Plant GREEN'S PEARS with Confidence

Our Choice of the Best Varieties

PRICE OF STANDARD PEARS

Large Size, 5-6 ft., 2 yr., 85c each,
10 for \$7.50, 50-100 @ \$50.00 per C

BARTLETT

Most popular pear for home and market. Finest canning pear grown. Large golden yellow with reddish blush. Tender, melting, delicious flavor. Vigorous and productive. Ripens in September.

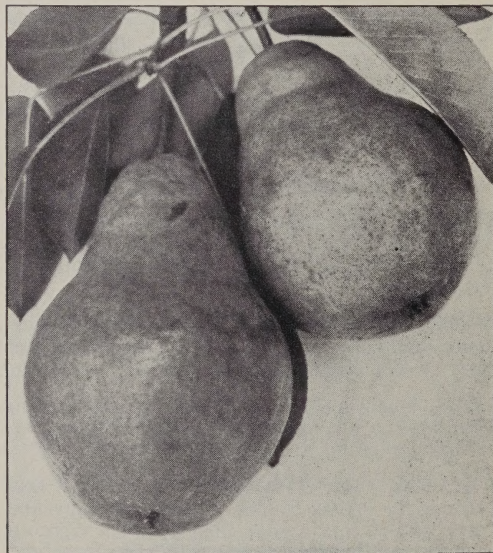

CLAPP'S FAVORITE. Large pale lemon color, flushed with russet red on exposed side. Flesh is fine grained, juicy, melting. Most productive of all. Fine to eat out of hand. Ripens in August.

SECKEL. Small size with rich juicy flavor, making it a most desirable variety for pickling and preserving. Sweetest pear of all and delicious to eat out of hand. Russet yellow with red cheek. Ripens in September.

SHELDON. A pear of unusually good quality. Very juicy, rich, and tasty. Large size with greenish yellow color covered with light russet. Good for home use. Ripens in late September.

BOSC

Highest quality and best flavored pear of all. Gourd shaped, being roundish at blossom end with long tapering neck. Beautiful golden russet color, fine grained, juicy, and highly flavored. Brings top-market prices. Ripens in late September.

BARTLETT PEARS

FLEMISH BEAUTY. One of the hardiest of all pears and a good cropper over most of the country. Fruit large, attractive, and of good quality and well colored. Ripens about October 1st.

WAITE. New blight-resistant pear, U. S. Dept. Agriculture introduction. Fruit is about the same as Bartlett in shape and size but ripens late with Kieffer. Fruit is juicy with some acid flavor. Fine for cooking and canning. Ripens late in October.

Our Choice of DWARF PEARS

They require little space, bear young, and have large fruit.

Dwarf fruit trees of all kinds are very scarce and the supply is limited so place your orders early to avoid disappointment.

We have chosen the most prominent of these for your selection and you can depend on the varieties as being the best the market has to offer.

PRICES ON DWARF PEARS

**Large, 4-5 ft., $\frac{5}{8}$ ", \$1.00 each,
10 for \$9.00**

VARIETIES. Bartlett, Clapp's Favorite, Seckel. For description, see Standard Pears.

SPECIAL COLLECTION OF BEARING AGE APPLES

1 McIntosh 1 Gallia Beauty
1 Cortland
3 FOR \$4.00

SPECIAL OFFER ON GREEN'S BEARING AGE APPLES AND PEARS

These trees are three to five years old and should start bearing the year after they are planted. Some have already born lightly. We have only a limited supply so place your order early if you are desirous of getting quick results either for the garden or small orchard. Some are larger caliper than others depending on the nature of the tree.

VARIETIES OF APPLES: Baldwin, Cortland, McIntosh, Northern Spy, Delicious, Rome Beauty, R. I. Greening, and Gallia Beauty (Improved Rome Beauty).

VARIETY OF PEARS: Bartlett.

PRICES ON APPLES AND PEARS

**3-5 yr. old, 6-8 ft., \$1.50 each,
10 for \$13.50**

Green's PEACHES are Unexcelled

The market for peaches is always good and from now on the demand will be greater than ever, and bear in mind that peaches begin to bear the third and fourth year. You will find our selection is based on years of experience in determining the best in quality, flavor, and productiveness.

PRICE ON PEACHES

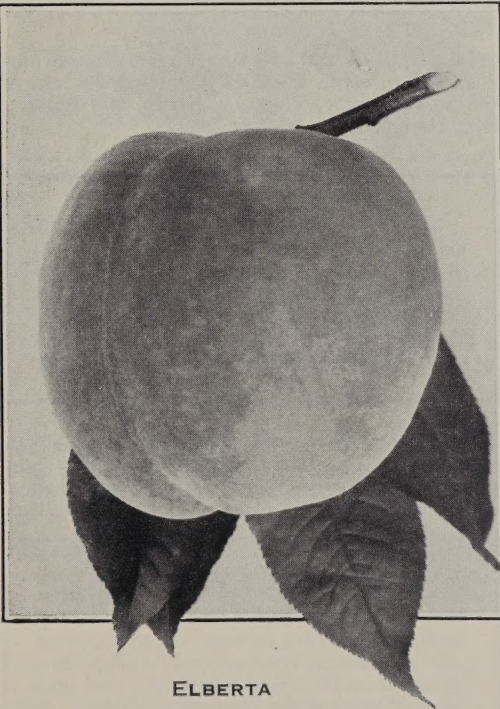

**Large Size, 4-5 ft., 55c each, 10 for
\$4.90, 50-100 @ \$35.00 per C**

ROCHESTER

Yellow Freestone, which we consider one of the finest peaches grown. Combines the quality of Early Crawford with the productiveness of Elberta. We consider it the finest canning peach on the market. Firm, juicy, and flesh so rich in flavor. An excellent commercial variety. Yellow flushed with red. Ripens in mid-August.

EARLY CRAWFORD (Yellow Freestone). Unexcelled in quality by any other except Rochester, its offspring. Fruit large, golden yellow, blushed with red. Ripens here in late or mid-August.

HALE HAVEN (Yellow Freestone). Cross between J. H. Hale and South Haven. Large size, well colored, ripening 2 weeks ahead of Elberta. Strong grower, good shipper, and heavy bearer. High color permits early picking for shipping.

ELBERTA

PEACHES (Continued)

CHAMPION (White Freestone). Highest quality of all white peaches. Skin is creamy white with splashes of crimson. Fine flavor. Ripens in late August.

J. H. HALE (Yellow Freestone). Extra large golden yellow, overlaid with bright carmine. Good commercial peach with delicious flavor but not as prolific as Elberta and others. Ripens about September 1st.

ELBERTA (Yellow Freestone)

Unquestionably the peer of all commercial peaches. Does well in most climates. Stands up well for shipping and is very fruitful. Beautiful large golden yellow with brilliant red cheek. Firm, rich, juicy, sweet, and full of flavor. Ripens in mid-September.

SHIPPERS LATE RED (Yellow Freestone).

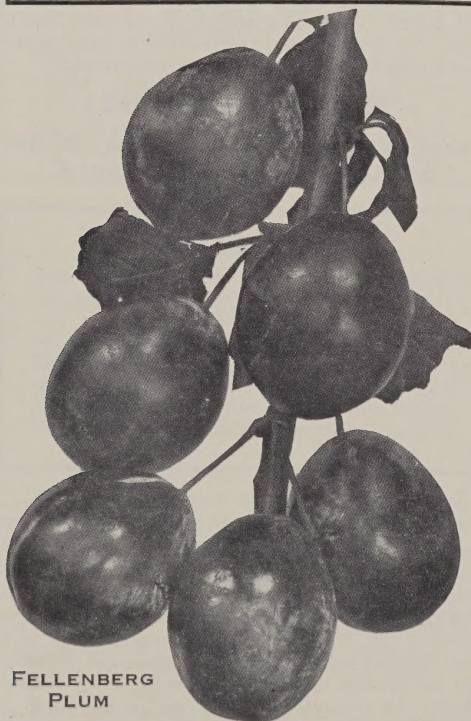

One of the newer peaches that is fast becoming prominent, ripening after Elberta. Fruit is well colored and very attractive. On the order of J. H. Hale in flavor and quality.

BELLE OF GEORGIA (White Freestone).

Creamy white with beautiful crimson cheek. Delicious to eat out of hand. Hardy and productive. Ripens about the first week in September.

GOLDEN JUBILEE (Yellow Freestone)

A New Jersey Experiment Station introduction. Highly recommended and being widely planted. Cold-resistant, hardy, and sure cropper. Flesh is yellow, tender, sweet, and juicy. Ripens about August 25th.

FELLENBERG
PLUM

PLUMS

AS SELECTED BY GREEN'S

The varieties listed herewith have been tried and proven over a long period of years and you can rest assured they are the best the market has to offer.

PRICES ON PLUMS

2 yr., 5-6 ft., \$1.00 each, 10 for \$9.00,
50-100 @ \$65.00 per C

BURBANK

One of the best. Large fruit of bright reddish purple color. Flesh is yellow, meaty, firm and juicy. Very productive. Ripens in late August.

BRADSHAW. Fruit is dark reddish purple. Flesh yellow, juicy, and sweet. Very vigorous and productive. Ripens in August.

MONARCH. Extra large purple. Golden juicy flesh. Very productive and a good plum for market. Ripens about October 1st.

YORK STATE PRUNE. One of the largest and best prunes. Dark blue with purple bloom. Delicious flavor and good for home use and market. Ripens about September 25th.

GERMAN PRUNE. Long oval fruit, purple in color. Flesh firm, sweet, and delicious. Not as large as York State. Ripens about September 20th.

RED JUNE PLUM. Medium to large in size and deep red in color. Flesh is lemon-yellow and of the finest quality. Vigorous, hardy, and productive. Ripens about August 5th.

FELLENBERG PRUNE

One of the finest of all prunes. Fruit is long, oval, and purple in color. Flesh is firm, sweet, and of good flavor. In great demand on the market and a good canner. Be sure and include this variety. Ripens about September 25th.

YELLOW EGG PLUM. Extremely large yellow fruit with firm, sweet, rather juicy fruit and of excellent quality. Ripens about October 1st.

STANLEY PRUNE

New York State Experimental Station Introduction and on its way to becoming an excellent commercial variety. Large dark blue with yellow flesh which is sweet and juicy. Ripens about September 25th.

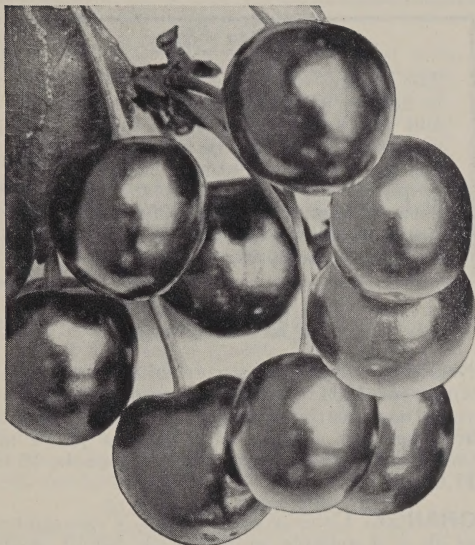

GREEN'S CHERRIES

Dependable Varieties for Home and Market

Due to increasing demand for fruit juices, cherries are becoming more profitable each year. Every orchard or home garden should have a few of Green's vigorous cherry trees. An orchard of sweet or sour cherries is a mighty profitable investment.

PRICES ON SWEET CHERRY TREES

Medium Size, 2 yr., 4-5 ft., \$1.00 each, 10 for \$9.00, 50-100 @ \$75.00 per C

BLACK TARTARIAN CHERRY

BLACK TARTARIAN (Black Ox-Heart)

The favorite home garden sweet cherry. Produces immense crops of heart-shaped cherries of a bright glossy purplish black. Flesh tender, juicy in flavor, and of highest quality. Ripens middle of June.

BING. Fruit is large, brownish black, delicious, and of fine quality. Good shipper and fine for commercial purposes. Hardy grower with heavy foliage. Ripens about July 1st.

SCHMIDT'S BIGGAREAU. Fruit is large and of deep mahogany color. Flesh is dark, juicy, and of excellent flavor. Ideal shipper. Ripens about July 4th.

WINDSOR. The leading late sweet cherry. Large, very dark red, with firm, tender, juicy flesh. Productive and of excellent quality. Ripens in July.

NAPOLEON (White Ox-Heart)

Often called Royal Ann. Color yellow with a bright red cheek. Flavor is rich and sweet with considerable juice. Flesh is firm and crisp, making it a most delicious cherry for home use and dessert. Ripens in July.

SOUR CHERRIES

PRICE ON SOUR CHERRY TREES

Same as Sweet

EARLY RICHMOND. The best of the early varieties. Medium size. Large light red changing to dark red. Tender, juicy, and of good flavor. Vigorous grower. Ripens in June.

MONTMORENCY

For all purposes to which sour cherries are put, Montmorency can be recommended as the best. Fruit is large, dark red, tender, and juicy and of the finest quality. Best commercial sour cherry. Ripens in late June.

GOOSEBERRIES AND CURRANTS

POORMAN GOOSEBERRY. Fruit is largest of the American berries. Red in color and does best in a heavy type of soil. Excellent quality. **Prices: 2 yr. No. 1 Bushes, Postpaid—40c each; Express Collect—10 for \$3.00.** Please advise if interested in larger quantities.

RED CROSS CURRANTS. A strong grower and very productive. Clusters are long with berries of good size and of a bright red color. Unusually sweet for a currant, requiring less sugar in canning and jelly making. We have been most successful in growing this variety. **Prices: Strong, 2 yr., No. 1 Plants, Postpaid—25c each; Express Collect—10 for \$2.25, 100 for \$12.50.**

APRICOTS

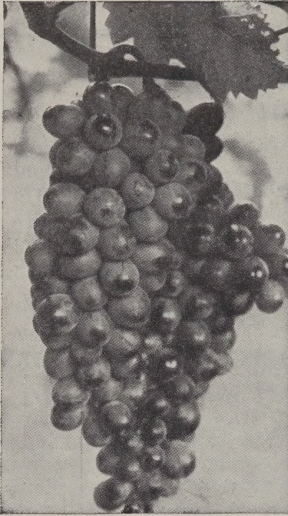

The apricot is a cross between the peach and the plum. In shape and color it resembles the peach but in texture and smoothness of skin, it is more like the plum. Very delicious eating.

PRICE

1 yr., 4-5 ft., 90c each, 5 for \$4.00

MOORPARK. Very large, deep yellow with red cheek. Highest quality and finest flavor of all the apricots.

GRAPES

CONCORD

As
Suggested
by
Green's

Whether you plant a few vines or a vineyard, you have something permanent that will last for a life time. Very little labor is required to care for them, aside from the annual pruning in the early spring before the sap starts to flow.

Grapes are always in demand, not only for eating out of hand, but for jellies, preserves, and delicious grape juice.

PRICES ON ALL GRAPE VINES (Except as Noted)

**2 yr., No. 1, Postpaid—30c each;
Express Collect—10 for \$2.25, 50 for
\$8.50, 100 for \$15.00**

CATAWBA (Red). Late, medium size, vigorous grower, productive, and a good keeper.

CACO (Red)

Super-size, extra sweet, and without question the quality is superior to all. Color is dark pinkish red. We recommend this as being one of the best. **Prices: Postpaid—35c each; Express Collect—10 for \$2.90, 50 for \$10.00, 100 for \$18.00.**

DELAWARE. Favorite small pink grape, deliciously flavored. Desirable for home garden. Ripens about October 1st.

NIAGARA (White). Leading white commercial grape and one of the old favorites. Noted for its good quality and productiveness. Ripens about September 25th.

FREDONIA (New Black). New York State Experimental Station Introduction. Leading early black grape. Vine is strong, hardy, and a productive grower. We recommend this variety as being extra fine. Ripens about September 5th.

PORTLAND (New White). Another New York State Experimental Station Introduction. Extra early fruit of excellent quality and super-size. The largest white grape of all. Ripens about September 5th.

WORDEN. Seedling of Concord, somewhat larger bunches and of excellent quality. Ripens about a week earlier than Concord. Bluish black.

CONCORD

The leading commercial grape, blue-black in color with unexcelled flavor. Bunches and berries are both large. Hardy and productive and can be grown in almost any part of the country. The finest of all grapes for juice. Ripens about September 25th. **Prices: Postpaid—25c each; Express Collect—10 for \$1.60, 50 for \$5.50, 100 for \$9.00.**

QUINCES

Nearly all Quince trees were killed in the severe winter of 1934 and the demand the past few years has greatly exceeded the supply. Quinces are ideal for canning and making jellies and preserves. **Prices: 2 yr. large, 85c each, 10 for \$7.50.**

ORANGE. Considered the best of the quinces as it is a reliable grower with bright golden yellow fruit. Large and of best quality. Best for cooking and canning. Ripens about October 1st

NUT TREES

BLACK WALNUT. Large trees of majestic form and beautiful foliage. Wood is in great demand by furniture makers and gunsmiths. Bears large round nuts of excellent quality. **Prices: 2-3 ft., 60c each, 5 for \$2.60.**

BUTTERNUT. Valued for its tropical appearance and beautiful wood. Produces large, oblong, nutritious nuts and bears early. **Prices: 2-3 ft., 60c each, 5 for \$2.60.**

WALNUT (Sieboldi). A very hardy handsome tree with large leaves. Bears young and abundantly. Nuts resemble butternuts but are smaller, smoother, and have thinner shell. **Prices: 2-3 ft., 60c each, 5 for \$2.60.**

CHINESE CHESTNUTS. This variety has been found to be the best substitute for the American Chestnut which can be grown in the blight areas. It is an early bearer and the nut is of good quality. **Price: 18-24 inch @ \$1.00 each.**

RASPBERRIES

They come into bearing the second year and are very productive from the start. They are a source of income before other fruit comes into bearing. The demand is usually greater than the supply and more berries are being canned or frozen in storage than ever before. Frozen fruit is in great demand at the present time.

It is really a treat to open a jar of Red or Purple Raspberries in mid-winter to serve as sauce or filling for a pie.

RED RASPBERRIES—Prices: 1 yr. Tips, Postpaid, 10 for 75c, 25 for \$1.50; Express Collect—100 for \$3.75, 500 for \$16.00, 1000 for \$28.50

LATHAM

Without question, one of the finest reds grown. Ranks first in commercial varieties. Extra large berries, firm, sweet, sub-acid, juicy, and fine flavor. Strong grower, hardy and earliest variety to ripen. Ripens about July 6th.

NEWBURGH. A fine large berry somewhat pointed in shape, excellent color, and quality. Firm, good flavor, vigorous, and hardy. Ripens about July 10th.

PURPLE RASPBERRIES

COLUMBIAN. One of the most profitable of the purples. Strong grower and unexcelled for productiveness. Fine shipper and in great demand for canning. One of the old reliable varieties. Ripens about July 10th. **Prices:** 1 yr. Plants, Postpaid—10 for 75c, 25 for \$1.50; Express Collect—100 for \$3.75, 500 for \$16.00, 1000 for \$30.00.

BLACK RASPBERRIES

CUMBERLAND. Large firm berry, good flavor and especially suited for home garden and market. One of the most popular varieties. **Prices:** 1 yr. Tips, Postpaid—10 for 75c, 25 for \$1.50; Express Collect—100 for \$3.75, 500 for \$16.00, 1000 for \$30.00.

THE NEW MORRISSON

This new berry is outstanding both for home garden and commercial planting. The fruit is extra large, attractive, firm texture, tender, juicy, and has very few seeds as compared with other black caps. Quality is excellent. Highly recommended by us. **Prices:** 1 yr. Tips, Postpaid—10 for \$1.25, 25 for \$2.50; Express Collect—100 for \$7.50, 500 for \$27.50, 1000 for \$50.00.

SODUS

New purple from New York State Experimental Station. Large, firm fruit of wonderful quality. Very hardy and productive and practically Mosaic-free. Ripens about July 12th. Highly recommended by us. **Prices:** 1 yr. Plants, Postpaid—10 for 90c, 25 for \$1.75; Express Collect—100 for \$4.75, 500 for \$18.00, 1000 for \$35.00.

LATHAM

BLACKBERRIES

Blackberries seem to do well in soil where other fruits could not hope to succeed. Fertile loam is preferable, however. Rows should be 6 feet apart and the plants about 6 feet apart in the rows. These berries are delicious to eat on the table and make wonderful pies.

ELDORADO. We recommend this variety as the most suitable for the various climates, especially in the Northern States. Very hardy with large jet black berries borne in clusters and ripen well together. Sweet and delicious with no hard core. **Prices:** 1 yr. Plants, Postpaid—10 for 75c, 25 for \$1.50; Express Collect—100 for \$3.75, 500 for \$16.00, 1000 for \$30.00.

ELDORADO

BLUEBERRIES

These are being more widely cultivated each year and while they do not begin bearing for four or five years, they will bear for a great number of years. Fruit is in great demand and prices are good. Plants are shallow rooted and cultivation must be shallow. Soil should be very acid and well supplied with moisture. Do not require spraying as yet.

Prices: 2 yr., No. 1 Plants, 12-18 inches, \$1.00 each Postpaid, 5 for \$4.50; Express Collect—10 for \$8.00.

VARIETIES

CABOT. Bush is low and spreading, while fruit is large and of excellent quality. Ripens early and is a good variety where winter cold and frost are not too severe.

JERSEY. Upright bush and very vigorous. Fruit is large and very firm. Should be an excellent shipper. Matures about two weeks later than Cabot.

NEW THORNLESS BOYSENBERRY

This plant has smooth canes without thorns and is a rugged, thrifty grower. Berries are similar to the Blackberry in shape but larger and contain no core and practically no seeds. Flavor stands supreme, juicy and sweet, making this berry very delicious for table use as well as for canning and pies. Color is purplish black. We suggest covering the plants with straw or hay in the fall to avoid winter injury.

Prices: Postpaid—1 yr. plants, 30c each, 5 for \$1.25; Express Collect—25 for \$3.50.

ASPARAGUS

Contrary to general opinion, asparagus is easy to grow and requires very little care except to keep free of weeds and a certain amount of cultivation. It is rich in health building minerals and vitamins. Still more important is the fact that it requires only a small plot of ground and is one of the first vegetables to be had in the spring.

PRICES

Large, No. 1 Roots, Postpaid—25 for \$1.00; Express Collect—50 for \$1.40, 100 for \$2.50, 1000 for \$15.00

MARY WASHINGTON. This without doubt is the outstanding variety grown today. Strong grower, extra large size stalks, green in color, tender and rich in flavor, rust resistant, and a bed will last for years.

STRAWBERRIES

GEM

PRICES (Except Everbearing)

Postpaid—50 plants for \$1.00, 100 for \$1.50; Express Collect—500 for \$5.00, 1000 for \$9.00

CORSICAN. We favor this berry over any other for table use. Very large bright red, firm, juicy, and of excellent flavor. Requires very little sugar as it is practically without acid. Have raised these for years and were the first to propagate this berry.

FAIRFAX. U. S. Dept. Agriculture Introduction. Considered the largest berry grown and very sweet. Unusually productive. Has just enough acid to make it the ideal berry for canning and preserves. Good shipper. Color is an attractive red with bright shiny seeds.

PREMIER. Very fine early berry. Does well in practically all climates. Berry is large, sweet, and very uniform in size.

EVERBEARING

GEM. Unquestionably the finest of the everbearing varieties. Produces immense crops in June and a good crop again in the fall. Most prolific of all the fall varieties. **Prices:** Postpaid—50 plants for \$1.50, 100 for \$2.50; Express Collect—500 for \$8.00, 1000 for \$15.00.

RHUBARB

MYATT'S LINNAEUS. The best known and most widely planted variety. Stems large, tender, and of refined flavor. Yields abundantly. **Prices:** Strong No. 1 Roots, Postpaid—25c each, 6 for \$1.25; Express Collect—10 for \$2.00; Extra Heavy Clumps—40c each, 6 for \$2.25 Express Collect.

Green's Ornamental and Shade Trees

WILLOW BABYLONICA

AMERICAN ELM. A beautiful, graceful growing tree, vase-shaped with wide arching top. Especially suited to large lawns and street planting. **Prices:** 6-8 ft., \$1.00 each, 3 for \$2.75; 8-10 ft., \$1.50 each, 3 for \$4.00.

CHINESE ELM. One of the most rapid growers of all shade trees with small lacy leaves and well shaped top. Truly beautiful in every respect, resembling the Norway Maple in shape and form. **Price:** 6-8 ft., \$1.50 each.

SILVER MAPLE. A very rapid grower with splendid spreading head, and leaves showing a silver cast on under side. Well shaped for specimen planting. **Price:** 6-8 ft., \$1.40 each.

NORWAY MAPLE. Large, shapely tree with well formed heads, invariably selected for lawn or street planting. Large leaves, beautifully formed, help to make this one of the most attractive shade trees grown. **Price:** 6-8 ft., \$2.75 each.

SCHWEDLER'S RED-LEAF MAPLE. Well shaped tree, with brilliant purplish red leaves in the spring, changing to purplish green in summer. A very beautiful tree. Autumn shade is scarlet. **Price:** 6-8 ft., \$4.75 each.

CUT-LEAF WEEPING BIRCH. A tall graceful weeping tree with silvery white bark and delicately cut foliage. Excellent for lawns or low spots where the low hanging branches are most effective. **Price:** 6-8 ft., \$3.00 each.

CATALPA SPECIOSA (Hardy). A very showy flowering tree, noted for its rapid growth, very large heart-shaped leaves with clusters of white flowers. Long narrow pods appear in the fall. **Prices:** 5-6 ft., 65c each; 6-8 ft., 85c each.

MT. ASH. A handsome little lawn tree growing 20-30 ft. high with dark green foliage and clusters of bright red berries. **Price:** 6-7 ft., \$2.25 each.

BABYLONIAN WEEPING WILLOW. Our best known weeping willow with its long graceful drooping branches and long narrow leaves of silky green. Does well in almost any location. **Price:** 6-8 ft., \$1.65 each.

CAROLINA POPLAR. A very rapid growing tree, giving shade in a short time. Used extensively for screens and wind breaks and for soil protection along streams and creeks. **Prices:** 6-8 ft., 75c each, 10 for \$6.00.

LOMBARDY POPLAR. A tall narrow tapering tree, pyramidal in shape, growing 60 feet high. Excellent for planting along driveways or for a boundary and screen. **Prices:** 6-8 ft., 85c each, 10 for \$7.00.

BOLLEANA POPLAR. Similar in shape to Lombardy, but with gray-green bark and leaves of a silvery cast on underside. Fine specimen tree. **Price:** 8-10 ft., \$1.50 each.

BECHTEL'S FLOWERING CRAB. A beautiful little tree, seldom over 20 ft. tall, producing in profusion, delicate pink flowers, resembling dainty little roses. Quite fragrant. **Price:** 2-3 ft., 85c each.

PRUNUS TRILOBA. A small attractive tree, with a mass of double pink blossoms early in the spring before the leaves appear. Grows 10-12 ft. high. **Price:** 2-3 ft., 85c each.

PINK FLOWERING DOGWOOD (Cornus Rubra). A slow growing, dwarf tree with abundant pink flowers appearing very early in the spring before the leaves appear, followed by attractive red berries. Foliage deep red in the fall. **Price:** 2-3 ft., \$2.50, balled in wet moss.

WHITE FLOWERING DOGWOOD (Cornus Florida). Similar to Pink Dogwood, except flowers are white. Grows 10-12 ft. high. **Price:** 2-3 ft., \$1.50 each, balled in wet moss.

PIN OAK. One of the most handsome of the Oaks, forming a broad pyramidal head. Fairly rapid grower and more easily transplanted than other oaks. Often used as a street tree. **Price:** 5-6 ft., \$1.90 each.

JUDAS TREE. Shrub-like tree with irregular head, heart-shaped leaves, with the branches covered with delicate reddish pink blossoms in the spring before the leaves appear. **Price:** 3-4 ft., 90c each.

Green's Shrubs will add to the beauty and charm of your home

PINK ALMOND. An upright tree-like shrub with dainty pink blossoms in May that resemble small roses and which completely cover the branches and twigs. **Price: 2-3 ft., 75c each.**

ALTHEA (Rose of Sharon). Choice of red, purple, and pink. Tall growing shrub, very effective for group or specimen planting. In bloom from mid-season until late fall. Grows 6-8 ft. tall. **Price: 2-3 ft., 45c each, 10 for \$4.00.**

DEUTZIA (Pride of Rochester). An early variety blooming in May. Bell-shaped flowers of pinkish white with underside of petals rose. Grows 6-8 ft. **Price: 2-3 ft., 45c each, 3 for \$1.30, 10 for \$4.00.**

DEUTZIA GRACILIS (Slender). Dwarf dense growing shrub with single white bell-shaped flowers in May. Excellent for border or in front of taller kinds. **Price: 15-18 inches, 50c each, 10 for \$4.75.**

FORSYTHIA SPECTABILIS (Golden Bell). Star-shaped golden yellow flowers appearing in April before the leaves come. The first shrub to bloom in the spring. Grows 6-8 ft. **Price: 2-3 ft., 50c each, 10 for \$4.50.**

BUTTERFLY BUSH (Buddleia). Three popular varieties:

Ille de France. Brilliant dark purple flowers in long panicles in August and September. Grows 5 ft. high. **Price: 2 yr., No. 1, 50c each, 3 for \$1.45.**

Charming. A new variety, bearing throughout the summer, and autumn, beautiful long sprays of pink blooms which compared with other Buddleias are distinctly pink. **Price: 2 yr., No. 1, 50c each, 3 for \$1.45.**

Dubonnet. A new dark wine Buddleia, with firm large spikes and flowers of good size, that do not sunburn. **Price: 2 yr., No. 1, 50c each, 3 for \$1.45.**

FRAGRANT MOCK ORANGE (Coronarius). Clusters of pure white, fragrant flowers that appear in June. Very attractive. Grows 7-8 ft. high. **Price: 2-3 ft., 50c each, 3 for \$1.45.**

VIRGINAL MOCK ORANGE. Unquestionably the most beautiful of all the syringas. Blossoms are mostly double, waxy-white in appearance, with a most delightful fragrance. We recommend this highly. **Price: 1½-2 ft., 55c each, 3 for \$1.55.**

FLOWERING QUINCE. Covered with dazzling scarlet blooms in May. Stout branches armed with thorns. **Price: 1½-2 ft., 50c each, 3 for \$1.45.**

HYDRANGEA, P. G. Immense cluster of cone-shaped white flowers which change to pink in the fall. One of the most prominent shrubs. Makes a beautiful hedge. Blooms in August and September. **Price: 2-3 ft., 50c each, 10 for \$4.50.**

HYDRANGEA ARBORESCENS (Hills of Snow). Clusters of snow white flowers from July to September, resembling snow balls. Grows 4-5 ft. **Price: 2-3 ft., 50c each, 10 for \$4.50.**

GOLDEN MOCK ORANGE. Compact dwarf shrub with brilliant yellow foliage and tiny white flowers in May and June. Grows 3-4 ft. **Price: 55c each, 10 for \$5.25.**

WHITE HONEYSUCKLE. White flowering shrub that blossoms in May, followed by red berries. Makes a fine hedge or screen as the bushes grow 8 ft. high. **Price: 2-3 ft., 45c each, 10 for \$4.00.**

RUBRA HONEYSUCKLE. Same as white except the blooms are pinkish red. **Price: 2-3 ft., 45c each, 10 for \$4.50.**

SPIREA VAN HOUTTEI. Long drooping branches, completely covered with flat clusters of white blooms in May. One of the old favorites. Grows 6-7 ft. **Price: 3-4 ft., 35c each, 10 for \$2.50, 25 for \$5.00.**

SPIREA ANTHONY WATERER. A dwarf variety, growing 2 to 3 ft. high and covered with large heads of crimson flowers. Ideal for planting in front of taller specimens. **Price: 15-18 inches, 45c each, 10 for \$4.00.**

SPIREA THUNBERGI. A graceful bush whose thread-like branches bear innumerable small white flowers and tiny leaves. Foliage changes to orange and scarlet in Fall. **Price: 2-3 ft., 45c each, 10 for \$4.00.**

SPIREA BRIDAL WREATH. The old-fashioned shrub with beautiful small double flowers of white. Not to be compared with Van Houttei, as it comes into bloom several days before. Brilliant orange foliage in the fall. **Price: 2-3 ft., 60c each, 10 for \$5.50.**

BEAUTY BUSH. Handsome shrub from China and Central Asia. Long arching branches, covered with long sprays of small tubular pink flowers. Grows 6-8 ft. **Price: 1½-2 ft., 75c each.**

SNOWBALL (Opulus Sterilis). Globular clusters of white flowers about Decoration Day. One of the real old-fashioned shrubs. Grows 6-8 ft. **Price: 1½-2 ft., 55c each, 10 for \$5.25.**

WEIGELA ROSEA. Deep pink bell-shaped flowers in great profusion in June. Very prominent and attractive. Grows 5-6 ft. **Price: 2-3 ft., 45c each, 10 for \$4.00.**

WEIGELA EVA RATHKE. Deep scarlet blooms in June and intermittently all season. Dwarfish in habit, growing 3 to 5 ft. **Price: 1½-2 ft., 50c each, 10 for \$4.50.**

BURNING BUSH (Euonymus Alatus). Grows in tree-like form with a corky bark and small delicate yellow flowers in spring, followed by red berries and gorgeous crimson leaves in the fall. **Price: 2-3 ft., \$1.00 each.**

RED-LEAF BARBERRY. Reddish bronze foliage in spring, turning to brilliant red in heat of summer. Scarlet berries remain during the winter. **Price: 1½-2 ft., 45c each, 10 for \$4.00.**

SNOWBERRY (Chenaulti) or Coral Berry. Dwarf shrub of graceful habit. Rose colored blossoms in June and July, followed by dull red coral berries. **Price: 3-4 ft., 45c each, 10 for \$4.00.**

CLIMBING VINES

Add Beauty and Charm

No home garden is complete without at least three or four climbing vines. They lend a certain charm, warmth, and friendliness that would be difficult to replace. Vines keep buildings clean, and add protection and shade.

AMPELOPSIS VEITCHI (Boston Ivy). Foliage is beautiful dark green, changing to crimson in the fall. Clings to bricks or walls without fastening. **Price: 50c each, 3 for \$1.40 Postpaid.**

CELASTRUS SCANDENS (Bittersweet). A popular vine for covering rough or rugged fences. Handsome glossy green foliage and large clusters of orange crimson berries in the fall which make such charming winter decorations. **Price: 50c each, 3 for \$1.40 Postpaid.**

EUONYMUS RADICANS COLORATUS (Winter Creeper). An evergreen winter creeper strikingly different, with long narrow leaves tinted purplish red. Waxy appearance. **Price: 60c each, 3 for \$1.65 Postpaid.**

HALL'S HONEYSUCKLE. One of the most popular of all climbing vines, not only as a climber, but valuable for covering banks and low spaces. Fragrant white flowers, changing to yellow later in the season. **Price: 45c each, 3 for \$1.25 Postpaid.**

CLEMATIS PANICULATA. A rapid growing vine with handsome clear green glossy foliage and medium star-shaped fragrant white flowers in September, when few other vines are in bloom. **Price: 60c each, 3 for \$1.65 Postpaid.**

CLEMATIS MME. ED. ANDRE. A large rich flowering velvety-red and a continuous bloomer. **Price: \$1.00 each, 3 for \$2.85 Postpaid.**

DUTCHMAN'S PIPE. A very rapid growing vine with large heart-shaped leaves. Very desirable where dense shade is required. Name comes from peculiar brownish flowers resembling a miniature pipe. **Price: 85c each, 3 for \$2.85 Postpaid.**

GOLD FLAME HONEYSUCKLE. A new variety that is rapidly attracting much attention on account of its bright flame pink and creamy gold, two-toned flowers. One of the loveliest of all vines. **Price: 85c each, 3 for \$2.45 Postpaid.**

ENGLISH IVY (Small Leaf). Foliage is a very dark waxy green. One of the finer vines that adds so much charm to brick and stone buildings. **Price: 45c each, 3 for \$1.30 Postpaid.**

SILVER LACE (Polygonum Auberti). Most rapid and thrifty grower of all climbing vines, covered with white silvery blossoms from August until first snow flies. **Price: 90c each, 3 for \$2.60 Postpaid.**

PURPLE WISTERIA (Grafted). Especially desirable for heavy trellises and pergolas and also trained to old trees. Long pendulous clusters of purple flowers. Blooms in May. **Price: 85c each, 3 for \$2.50 Postpaid.**

HYDRANGEA P. G.

SPECIAL OFFER ON EXTRA LARGE SHRUBS

We have a limited supply of several varieties of extra large shrubs that we are offering at reasonable prices as we wish to clear the land for other stock. These are heavy four year old stock from 3 to 5 feet high, and should be of interest to those desiring fully grown shrubs.

FRAGRANT MOCK ORANGE (Coronarius). **Price: 4-5 ft., 75c each, 10 for \$6.00.**

WEIGELA ROSEA (Pink). **Price: 4 ft., 75c each, 10 for \$6.00.**

ALTHEA (Mixed Colors) Rose of Sharon. **Price: 3-4 ft., 60c each, 10 for \$5.00.**

WHITE SNOWBERRY (White Berries in Fall). **Price: 3-4 ft., 50c each, 10 for \$4.50.**

HYDRANGEA ARBORESCENS (Hills of Snow). Heavy Clumps, 60c each, 10 for \$5.00.

EXTRA LARGE FRENCH LILACS (Labels Lost). **Price: 4-5 ft., \$1.50 each.**

FRENCH HYBRID LILACS

Selected Varieties

CHAS. JOLLY. Double purplish wine, large and low growing.

LUDWIG SPAETH. Dark rich single purplish-blue flowers.

MADAM LeMOINE. Beautiful double white. Considered one of the finest.

PRESIDENT GREVY. Immense clusters of double pale wistaria violet flowers, the open faces of which are a contrasting shade of light blue.

Price: 2-3 ft., \$1.10 each, 3 for \$3.00

PERENNIALS

for Permanent Beauty

All perennials are shipped Postpaid at prices listed but we cannot accept orders for less than \$1.00 on account of the extremely high cost of paper, twine, packing, etc.

PRICES ON PERENNIALS

(Except as Noted)

35c each, 10 for \$3.00 Postpaid

AQUILEGIA (Columbine). Informal elegance and stately beauty mark this queen among flowers. Bloom from May to June. Long-spurred Hybrids in several assorted shades.

CAMPANULA (Canterbury Bell). Bell-shaped flowers in mixed colors of white, rose, and blue. Fine for cutting, growing 2-3 ft. high.

FOXGLOVE. Tall stately spikes of large bell-shaped flowers of vigorous growth, coming in a wide range of colors. Grows 5-6 ft. high.

PAINTED DAISY (Pyrethrum). A profusion of Chrysanthemum-shaped flowers from June thru September. A wonderful mixture of shades and colors. Long stems are ideal for cutting.

REDHOT POKER (Tritoma). Unique shaped flower heads of orange scarlet on spikes, 2 to 4 ft. high, from August to September. Free bloomer.

PHLOX. Unsurpassed for brilliant bold colors and should command a prominent place in every garden of flowers. Should be planted in groups of 5 or more of a variety for best results.

The following are selected varieties:

Hauptman Koehl. Finest red propagated today.

R. P. Struthers. Lustrous pink with carmine eye.

Daily Sketch. Salmon pink with crimson eye.

Royal Purple. Beautiful shade of purple.

Mrs. Jenkins. Pure white, very early.

CHRYSANTHEMUMS. The most popular and prominent of all fall flowers, with their varied range of gorgeous colors and shades. About the last flower to bloom in the fall.

Varieties as follows:

Aladdin. Coppery bronze with overlay of orange-apricot.

Autumn Glow. Coppery bronze.

Barnegat. Pale lemon-yellow.

Country Girl. Lovely pink with soft lilac tones.

Tasiva. Pure white.

Edward A. Guest. Red, overlaid with bronze.

DELPHINIUM (Wrexham Hybrids). Huge flowers varying in hues of light blue to deep purple, on long spikes, 4-5 ft. long. Price: 40c each, 10 for \$3.50 Postpaid.

DICENTRA (Bleeding Heart). Graceful heart-shaped flowers in rose-pink during May and June. Price: 50c each Postpaid.

HEDGES

A Hedge Provides Beauty, Protection and Charm

RED-LEAF BARBERRY. Very popular for either specimen or hedge planting, with its reddish bronze foliage and protective coat of thorns. Leaves turn to scarlet in mid-summer. Price: 2-3 ft., 45c each, 25 for \$10.00, 100 for \$35.00.

DWARF BARBERRY THUNBERGI. An attractive dwarf shrub about three feet high at maturity, dense in growth, with its coat of thorns. Leaves turn to scarlet in fall, followed by red berries. A real protective hedge. Price: Heavy 3 yr. Plants, 2-3 ft., 25c each, 10 for \$2.25, 50 for \$10.00, 100 for \$15.00.

AMOR RIVER PRIVET (North). Of the California type, but found to be more hardy in northern climates. Slender leaves with thick growth, making a very attractive hedge. Price: 1½-2 ft., 10 for \$1.50, 25 for \$3.25, 50 for \$5.50, 100 for \$10.00.

CANTERBURY BELLS

Green's HARDY No. 1 ROSES bring beauty and color to your garden

McGREDY'S IVORY

Varieties selected are chosen for their color, vigor, and hardiness. You are sure to be pleased with any choice that you may make.

HYBRID TEA AND EVERBLOOMING PRICES

2 yr., No. 1 Plants, 70c each, 3 for \$1.95 Postpaid; 5 for \$3.25, 10 for \$6.00 Express Collect

E. G. HILL. Great massive blooms of deep velvety-maroon. Very fragrant. Vigorous, healthy grower, blooming constantly.

McGREDY'S SCARLET. Large, brilliant scarlet, shaded rose-pink. Flowers full and perfectly shaped. Foliage in spring and fall is like a bit of Ireland.

CHRISTOPHER STONE. Free blooming plant producing fragrant, velvety-textured roses of vivid scarlet. Delightfully scented.

COLUMBIA. Long stemmed, pointed flowers of vivid pink. Very fragrant.

MRS. HENRY BOWLES. Bright pink, flushed salmon. Fragrant and vigorous.

RAPTURE. Large double deep pink blooms on long stems. Very beautiful.

GOLDEN RAPTURE. Long lasting, beautifully formed buds, fully double blooms of rich yellow on long strong stems. Vigorous grower.

McGREDY'S YELLOW. Large bright buttercup-yellow flowers of perfect form and sweetly scented. Heavy glossy-green foliage on red stems.

ROMANCE. Golden yellow, shading toward lemon. Very attractive.

GOLDEN DAWN. Bud, rich sunflower yellow, flushed old rose. Double.

McGREDY'S IVORY. Large, well-shaped creamy white and very fragrant.

KILLARNEY DOUBLE WHITE. Large snowy-white. Intensely fragrant.

FRAU KARL DRUSCHKI (Hybrid Perpetual). Large snowy-white. Free bloomer. One of the popular whites.

HINRICH GAEDE. Bright vermillion, toned gold. Good form, fragrant. A distinct and excellent variety.

LOS ANGELES. Double, luminous coral pink, toned gold at base.

TALISMAN. A glowing golden-yellow, stained copper red. One of the really fine two-toned roses.

CLIMBING ROSES

PRICE (Except as Noted)

55c each, 3 for \$1.55 Postpaid; 6 for \$2.85, 10 for \$4.50 Express Collect

PAUL'S SCARLET. Without question, the most beautiful of all climbers, with its intense scarlet blooms of excellent shape and good size, borne in clusters.

AMERICAN BEAUTY. Hardy, extra large blooms of carmine red. Noted for size of blooms.

MME. GREGOIRE STAECHELIN. Beautiful pink blooms with lightly-curved petals on long stems. Unusually attractive. **Price: 60c each, 3 for \$1.65 Postpaid; 6 for \$3.15, 10 for \$4.90 Express Collect.**

PRIMROSE. Hardy, with double canary yellow flowers in great profusion.

DAHLIAS

Our continued planting of the following varieties will assure you of several of the outstanding colors and shades and are indeed worthy of your consideration.

Price: 30c each, \$2.50 per doz. Postpaid VARIETIES

AMBER QUEEN (Pompon). Clear amber, shaded apricot.

THOMAS EDISON (Formal Decorative). Large royal purple. Perfect.

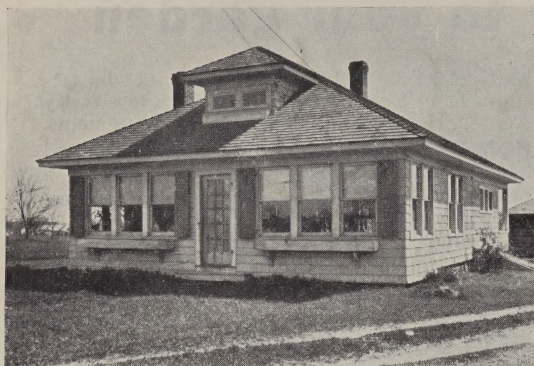

PORTHOS (Decorative). Large, dark red, free bloomer.

MRS. I. DE WARNER (Formal Decorative). Superb shade of orchid pink.

AUTUMN KING (Decorative). Tall bronze, a bouquet in itself.

No postpaid order can be accepted for less than \$1.00.

EVERGREENS BEAUTIFY YOUR HOME

BEFORE AND AFTER PLANTING

Evergreens have finally come into their own. Architects and Landscape Specialists have adopted the evergreen as a basis for nearly all foundation plantings around the home. We have endeavored to offer you the types that are hardy, attractive, and suitable for planting generally. These are balled in earth and wrapped in burlap, thus not disturbing the roots and retaining all the original soil.

If you wish, we will remove the soil and wrap the roots in wet moss, thus reducing the weight and transportation costs. Please specify how you wish packed when ordering.

PYRAMIDAL ARBORVITAE. An extremely narrow, densely compact pyramidal-shaped evergreen with dark green spring-like foliage. Retains the color all winter. The most popular columnar type for home foundation planting. **Price: 2-3 ft., \$3.25 each.**

GLOBE ARBORVITAE. More or less the same type of foliage as the Pyramidal but radically different in type of growth. A real dwarf global type, seldom over 2½ ft. high and ideal to plant in front of taller specimens or under windows. **Price: 15-18" size, \$3.00 each.**

PFITZER'S JUNIPER. A rather striking, low growing spreading evergreen, with blue green foliage. Branches grow horizontally from the stem. Fine for specimen or general purpose planting. **Price: 1½-2 ft., \$4.00 each.**

DWARF MUGHO PINE. A real dwarf pine seldom growing over 3-4 ft. high. Annual shearing will keep the size and shape. Foliage is dark green and color remains all winter. Fine for foundation planting. **Price: 15-18 inches, \$4.00 each.**

NORWAY SPRUCE. Time honored Christmas tree. Tall, graceful, picturesque tree, reaching a height of 60 ft. Broad pyramidal-shaped with dark green foliage. **Price: 2-3 ft., \$2.25 each.**

COLORADO BLUE SPRUCE. Unquestionably the most beautiful of all evergreens with the exception of Koster's Blue Spruce. Foliage is rich, glistening blue with a stately symmetrical growth. **Prices: 4-5 ft., \$8.00 each; 5-6 ft., \$9.00 each; 6-7 ft., \$10.00 each.**

YEW or TAXUS

This type of evergreen could perhaps be called black green as it has the darkest color of any evergreen and the needles are thick, heavy, and rounded on the ends and very shiny. Red berries appear in fall and during the year. We have selected the most common types.

CUSPIDATA NANA (Dwarf). Seldom grows over 4 feet tall with a 3 or 4 foot spread. One of the very best dwarf evergreens with its dark green foliage the year around. **Price: 15-18", \$3.50 each.**

CUSPIDATA (Spreading). Seldom grows over 5-6 feet high. Dark green dense foliage with spreading growth. Will stand considerable shade. **Price: 15-18 inches, \$3.50 each.**

CUSPIDATA CAPITATA (Upright Yew). Good hedge yew or can be planted as a semi-formal specimen. Typical dark green foliage and broadly pyramidal. Grows to about 12 feet. **Price: 1½-2 ft., \$4.00 each.**

SPECIAL SMALL EVERGREENS 3 to 6 Years Old, Two and Three Times Transplanted

Many of our patrons have asked for smaller evergreens or seedlings that could be shipped parcel post and for that reason, we are offering these varieties in the following sizes and they will be packed in wet moss and shipped postpaid. In three or four years they will have attained the growth of the regular evergreens as listed above.

- PYRAMIDAL ARBORVITAE**
15-18" @ \$1.10 each, 3 for \$3.00 Postpaid
- PFITZER'S JUNIPER**
